Modular International, Inc.

IRS® Infinite Reflector Series® (Patents 7,207,698 B2 - 8,231,242 B2 - 8,740,407 B2)

This innovative system of reflected light allows you to select the shape, material, finish, lamp source, wattage, and mounting for installation in floor, wall and/or ceiling to create dramatic, dynamic lightscapes. Manual or motorized focusing for interior use.

This is just a beginning! Shown here is a small sampling of the incredible variety of stunning fixtures available and under development.

Table Lamp

#MIRS-TL-0301501

20w 2700°K LED (~640 lumens)

Matte white finish with black and chrome accents.

6" diameter x 8" tall base with 18" reflector disc and 24" extension rod

Aluminum, brass and steel construction

Floor Lamp

#MIRS-FL-0291501

40w 2700°K LED (~1200 lumens)

Matte white finish with black and chrome accents.

6" diameter x 29" tall base with 25" reflector disc and 46" extension rod

Aluminum, brass and steel construction

Pendant Profile 3

#MIRS-PP3-0471501

3x40w 2700°K LED (~1200 lumens ea.)

Matte white finish with black and chrome accents.

3" square x 47.5" cable suspended rail base with 3 LED modules, 47.5" long ceiling mounted rail with three 18" reflector discs with 9" reflector rods

Aluminum, brass and steel construction

Pendant Profile 6

#MIRS-PP6-0471501

6x40w 2700°K LED (~1200 lumens ea.)

Matte white finish with black and chrome accents.

3" square x 95" cable suspended rail base with 6 LED modules, 95" long ceiling mounted rail with six 18" reflector discs with 9" reflector rods

Aluminum, brass and steel construction
